Pilots, Flight attendants, handling and FBO staff, commercial staff, financial staff

What is Elixir Program

- ▶ A tool that helps you select your staff efficiently and know exactly who fits where in your organization, build up a successful team work, no more personal judgment mistakes
- ▶ Accurate psychological analysis
- ▶ Avoid getting trapped with wrong staff members
- ▶ Avoid selecting wrong leaders and managers
- ▶ Avoid wasting money in wrong training courses
- ▶ Gives fun for staff
- ▶ Gives valuable information for management
- ▶ Helps to select the right person in the right position

About Elixir Program

- ▶ Taking people out of the office for team building events is common, and companies are always looking for something a bit different. The escape games provided through Elixir program has a themed experience that can only be accomplished by **improved communication** between team members
- ▶ It also enhances **critical thinking**, which are useful skills for every type of job. Elixir program provides a unique experience with a realistic and sophisticated built environment. It is an interactive game where participants will have to **team up** to find clues and solve logic puzzles based on various storylines and themed rooms.

Elixir Program Mission

- ▶ The target is to **escape the room in 60 minutes**.
- ▶ Players are encouraged to **plan** as a team, **solve** puzzles collaboratively in order to escape before time expires.
- ▶ When you play video games or watch a movie, you can be drawn in. But in Elixir program, you **experience the excitement** of the **mental and physical** challenges the game has to offer.
- ▶ During the game, a psychologist is monitoring each player / staff member of your organization to analyze his actions and reactions

Personal Analysis

- ▶ All players will be closely monitored by our certified psychologist
- ▶ A detailed personality analysis report will be available per each staff member and delivered to the management
- ▶ All information related to psychologist report is considered confidential and is treated with high care.
- ▶ Reports will only be available to the client's official dedicated personnel, Logos International and Trapped
- ▶ The report parameters read the following factors:
 - ▶ extraversion, introversion, sensing, intuition, thinking, feeling, judging perceiving
 - ▶ Any additional parameters required by client can be agreed upon to be monitored and included in the report

Recruitment

- ▶ Interviews might be sufficient in profession evaluation but definitely does not reflect the whole picture, leading to inaccurate judgments and selection.
- ▶ Candidates are trained and programmed how to manage a short time interview and pass it
- ▶ Recruiting means long term engagement with a new member in your company, if he's qualified professionally but have a psychological / personality problems, his colleagues will suffer and the productivity of the whole team will deteriorate
- ▶ We help you select the right person who fits in your organization for better performance

Team Building

- ▶ Either you have a new project and want to form a team or you have an existing team and want to evaluate the members and productivity, the Elixir program will help you to do so on accurate scientific basis
- ▶ Discover who is caring and who is careless
- ▶ Discover who has a logic mind and who hasn't
- ▶ Discover who is cooperative and who is not
- ▶ Discover who is capable to work under pressure
- ▶ Discover who jumps on other's efforts
- ▶ Improve communication skills between staff members

Leaders' Observation

- ▶ Leading and management positions are vital and accordingly selection of the right person is one of the strategic decisions
- ▶ Discover who is a decision maker
- ▶ Discover who is capable to think out of the box
- ▶ Discover who is respected and liked by his colleagues
- ▶ Discover who is helpful to others
- ▶ Discover who has good communication skills
- ▶ Discover who has a good time management

Precise training

- ▶ Discover everyone's capabilities, strength and weakness in your staff
- ▶ Know exactly the training need of each particular staff member
- ▶ Saves money from being thrown away in wrong training courses
- ▶ Improve quality of staff productivity
